BASIC COURSE:

The system displays the Account Details Page to the User. The User modifies the contents of either of the Degrees Text Box or the Interests Text Box. The User clicks the Save Changes Button. The system updates the User Degree List and User Interest List in the User Account then displays a confirmation message. The system notifies the AI Service to lazily update the User Recommendations List with possible matches based on the new information available in the User Account, and the system redirects the User to the Friends Page.

ALTERNATE COURSES:

The User is not logged in: The system redirects the User to the Login Page.

Number of characters in the Degrees Text Box > 1,000: The system redirects the User to the Account Details Page displaying an error message.

Number of characters in the Interests Text Box > 10,000: The system redirects the User to the Account Details Page displaying an error message.
